F. COMMUNICATIONS AND PETITIONS FROM THE PUBLIC

1. Citizens to be Heard Not Listed Elsewhere on This Agenda: None

G. COMMISSION AND COMMITTEE REPORTS FOR DISCUSSION, CONSIDERATION AND, IF SO DETERMINED, ACTION UPON.

1. Finance Committee
   a. Update on Financial Matters

Trustee Maier reported that we are in the final stages of the property tax rebate program and have identified a handful of applications that need further review. We are in line to have checks sent out by the end of the year. We have received the approved reciprocal agreement for sales tax information with the Department of Revenue, but have not received the sales tax data as yet, but we should be receiving it shortly. We will then be able to true up the sales tax for the Oasis and make the payment to Lake Forest. He added that he would follow up with an email to Lake Forest letting them know the status. He also reported that our auditor had requested some additional information from our banks on collateralization. We received a 60 day extension for filing the audit with the State of Illinois. There are some reclassifications to be made, but nothing major.

2. Public Works Committee
   a. Recommendation to Approve a Proposal from Forest Builders for the Replacement of Two Culverts on Old School Road between Bradley and Meadowoods Roads at a Cost Not to Exceed $10,000
Trustee Armstrong reported two culverts needed to be replaced on Old School Road and would be scheduled on Saturday, October 31st to limit the traffic impact.

b. Recommendation to Approve the Restriping of Riverwoods Boulevard at a Cost Not to Exceed $5,000 with DeMarr Sealcoating

Trustee Armstrong reported that the Committee recommended restriping of Riverwoods Boulevard with the same company who handled the project the last time. We are still hopeful that they can complete the work this year.

c. Recommendation to Approve a Proposal from Ground Breakers Excavating, Inc. to Clear the Village Property Located at 25960 St. Marys Road and to Construct a Berm subject to Village Plans and Specifications Approved by the Parks and Recreation Committee and subject to Legal Review

Trustee Armstrong reported that this item would be deferred to the November Parks and Recreation Committee meeting.

d. Update on the Engineering for the Old School Water Main Extension

Trustee Armstrong asked the Village Administrator to give the update. Administrator Irvin reported that Greengard Engineering has continued to work on the plans and had met with the Lake County Departments of Public Works and Transportation. They have made minor changes that have not impacted the estimated cost. Lake County Public Works has signed off on the IEPA permit and has supplied the Lake County permit requirements. If the SSA is approved at tonight’s meeting, the contract that the Village Board approved prior to this meeting would move forward. Resident Tom Heinz asked if the SSA is approved at tonight’s meeting, should he sign the easement agreement with the County. Village Administrator Irvin said he should do so.

e. Update on Revised Village Hall Plans and Associated Costs

Trustee Armstrong reported that architect Rick Phillips presented updated plans for a Village Hall at the last Committee meeting and we are on track to review estimated costs at the November Committee meeting.

Resident Tom Heinz asked if a decision would be made at that meeting. Mayor Urlacher advised that a Committee of the Whole meeting or Special Board meeting would be scheduled to make a decision.
3. Parks and Recreation Committee

a. Update on Whippoorwill Park Stewardship Plan

Trustee Towne reported the Committee is working on specifications for the stewardship of Whippoorwill Park and it will be discussed at the November Committee meeting. It has been discussed that we consider proposals from Teska and others to assist with our efforts.

b. Update on the Rezoning of Open Space Parcels

Trustee Towne reported that we are moving along with the rezoning process and the Village Attorney and Village Administrator have a good handle on the process. Village Attorney Smith said that the Administrator had been in contact with the Forest Preserve and Home Owners Association about the rezoning. Both indicated they are in support of the rezoning. The ordinance on tonight’s agenda deals with the procedures for the rezoning.

c. Update on Oasis Park Plans

Trustee Towne reported that we plan to rebid the trail relocation, and also work on the recommendations of the open space plan with some outside assistance on the plans.

d. Update on Route 60 Trail Extension

Trustee Towne said that we are getting closer to going out for bids on the trail project. Village Engineer Anderson advised that they are finalizing the revisions and responses to IDOT’s comments.

e. Other Matters

Trustee Towne reported that Tallgrass Restoration has planted the native plugs on the Village property at the Bradley and Riverwoods Boulevard intersection.

4. Safety Commission

a. Commissioner’s Report

Trustee Pink has been in contact with Fire Chief Carani regarding the address signs and it was decided that they were not needed in Hamilton Estates and the Enclave. There is only one way in and out of each street. Additionally, in Deerpath Farms, there were two residents who requested signs, but there are sign restrictions in the subdivision. The residents will have to petition the homeowners association to request the street sign. Trustee Sheldon said that this location also only had one way
in and out. She added that it was a homeowners association situation and would require ARB approval.

Trustee Pink has also begun to collect names of residents south of Route 60 who are interested in address signs and she is going to attempt to get signs approved.

Trustee Armstrong advised that someone in a car with flashing lights on was in the Village last Saturday asking for gas money. He asked to see their gas gauge, but they would not show it and left.

Mayor Urlacher advised that David Trendler on Old School Road was having an estate sale this weekend and he advised Trustee Pink and Howe Security that there could be increased traffic during the sale.

Village Administrator Irvin reported that activity with the Sheriff’s service was normal and that he had provided the Board with a full report of the first year of services. We are tracking very close to the same numbers in the second year. He also reported that we received our first increase in the special detail rate since 2009. The rate went from $60.00 per hour to $63.00 per hour.

5. Zoning, Planning and Appeals Commission
No meetings held and nothing to report.

H. BUSINESS FROM THE BOARD FOR DISCUSSION, CONSIDERATION AND, IF SO DETERMINED, ACTION UPON:

1. Mayor’s Report
   a. Recommendation to Approve the Fourth Amendment to the Village Administrator’s Consulting Agreement

Mayor Urlacher advised that the amendment included a pay raise for the Village Administrator this year. He highlighted some of the accomplishments of the Village Administrator over the past year including the saving of over $70,000 through contract negotiation, the Com Ed street light audit, reduction of the IDOT invoice for the Route 60 improvements and Costco paying for half of the cost. He also took over the Clerk duties in a fairly seamless transition and set up the new office. He has saved the Village over $7,000 over that time. He has closely monitored the Sheriff’s activity reports, eliminating any services that are not ours, and monitoring building permit revenues and costs where we are no longer losing money on permits. He also reviewed the resident list for refuse collection and eliminated 10 addresses, saving the Village over $2,200 annually.
b. Village Newsletters

Mayor Urlacher reported that fall newsletter recently went out to residents and next one would be sent in early January, followed by one in March or April.

c. Building Report

Mayor Urlacher thanked Village Engineer Anderson and Trustee Towne for the report and placed it on file.

d. Village Administrator’s Report

Village Administrator reported that the Central Lake County Joint Water Action Agency had approved our request for an extension allowing new water mains to be added in the Village. The new resolution was approved through January 1, 2018, a two year extension. He also advised that we finally received the $500.00 payment from Novak Construction for the landscaping settlement at Old School and Meadowoods. He also thanked everyone for the kind words and the amendment to his agreement. He said he enjoys working for and with the Village Board.

2. UNFINISHED BUSINESS
