Village Attorney Smith said on October 3rd the ZPA held a public hearing to hear Mr. and Mrs. Cole case on the request for a special use permit to build a guest house. The ZPA recommended that the guest house be approved with the following conditions; 1) any modifications to the size, footprint or location of the guest house be made only after an amendment to the special use permit is granted; 2) the existing shed on the property be demolished; 3) the guest house shall comply with the Village Code, Building Code and Zoning Ordinance for all matters; 4) no portion of the guest house shall be rented; 5) the guest house shall be considered two separate accessory structures; 6) landscaping to the east and south shall be maintained in the at least a twenty foot buffer between the guest house and lot line to provide screening; 7)
before Village Board consideration, elevations should be updated to improve aesthetics of the guest house.

Trustee Towne asked the Cole’s what the square footage to their main home indicated. The new guest house structure is showing to be larger than your existing home. Trustee Towne stated his concern that the guest house is larger than the main residence.

Trustee Sheldon said if this structure is going to be called a guest house; it would be nice to see two different structures.

Trustee Pink asked if the trailers would remain on the property. Mr. Obert stated the trailers will only be on the property to transport the cars.

Mayor Urlacher said Mr. Cole met with the Village Engineer Yamin to ensure he was complying with the necessary codes. Mr. Cole has also agreed to the seven conditions the ZPA has made as part of their recommendations for approval.

Mayor Urlacher asked for a consensus to agree to the draft ZPA recommendation and direct the Village Counsel to draft an approval of an ordinance for the next Village Board meeting.

Trustee Bohm said he has no issues with the structure. The resident is not exceeding any impervious limits with the guest house.

Trustee Towne said a guest house is intended for relatives. The main structure is a garage. Trustee Towne said he would like the structure to be two buildings.

Trustee Pink said the guest house should reflect the house. Trustee Pink indicated the proposed structure is not a guest house.
Trustee Maier said he has no problems with the proposed plans.

Trustee Brennan said she has no problem with the way the structure has been presented.

Trustee Sheldon said she does not approve the structure. Trustee Sheldon is concerned in calling the structure a guest house.

Village Attorney Ferolo said that Mayor Urlacher can decide the outcome.

Mayor Urlacher said he does not see any issues with the guest house. Mayor Urlacher asked the Board Members if they had a site plan would their vote change.

Chairman Krusinski said the ZPA Commissioners also deliberated extensively on the size of the structure being fairly large. As a result, the Commissioners made the recommendation to consider this structure as two accessory buildings.
